Dear Mr. Weisberg:

I have your letter regarding the duplication of the CIA materials that have been and will be released. If it is convenient, I'd like your wife to duplicate a complete set for me. I'm enclosing a check for the first thousand pages and will send the rest as soon as you let me know the costs, including postage. I certainly appreciate this assistance.

If in the future you would rather order duplicate sets sent to me directly from the CIA office this is fine.

Mr. Conklin did call the other day and discussed the recently released materials.

My visits to Rockville are one and two day committee meetings. When I have an evening free, I'll call and try to find you.

With my greetings,

Sincerely,

Sidney Cohen
